

Return to School Plan

Prairie du Rocher #134

HAWKS

2020-2021

Prairie du Rocher Community Consolidated School

Dear Prairie du Rocher CCSD #134 Families,

As we continue to plan for Fall 2020, there are still many unknowns regarding the way the pandemic will continue to progress. The situation continues to be fluid and may unfortunately change with little to no notice. Thank you for your patience and understanding as we work through these events.

PdR School has developed a *Return to Learn Plan* for the 2020-21 school year under the guidelines of the ISBE and IDPH. More information concerning those guidelines can be found at: <https://www.isbe.net/Pages/covid19.aspx>.

We will be opening school with regular school hours on Tuesday, August 18. There will be many safety measures put in place to protect students and staff. One main safety requirement is that every person entering the school building or a school bus, must be wearing a face covering that covers his/her mouth and nose. I know this may seem like a challenge now, but with your support, and seeing their friends wearing face coverings I know that our students will adjust. We feel strongly that the best education we can provide is in person, at school.

Our Before and After School Program (BASP) will be offered beginning at 6:00 am and ending at 6:00 pm. Space and activities will be limited based on ISBE/IDPH guidelines.

As always, please feel free to contact me with questions or concerns. We want to make sure our students make a smooth transition back to the classroom.

Sincerely,

Rob Pipher
Superintendent

The Prairie du Rocher *Return to Learn Plan* was developed in collaboration with administrative staff and school representatives, under the guidance of ISBE and IDPH. Areas identified in the Return to Learn Plan include information regarding: Health and Wellness, Operations and Facilities, Instruction, and Transportation. This document is a reflection of the current recommendations and guidance from the Illinois State Board of Education, Illinois Department of Public Health, Center for Disease Control, and other federal, state, and local agencies.

This plan is subject to change and is based on Illinois being in Phase 4 and no changes occurring to the guidance from ISBE and IDPH. Amendments will be made to this plan in the event that Illinois or the District's assigned region moves backward within the "Restore Illinois" plan or guidance changes. The Superintendent is authorized by law to make such changes and amendments to this plan pursuant to Public Act 101-0643 (105 ILCS 5/10-30), which states that "the district superintendent shall periodically review and amend the district's return to learn plan, as needed, to ensure the plan meets the needs of all students."

In-Person Learning

The impact of lost instructional time and social emotional development on children should be anticipated and our school will need to be prepared to adjust curriculum and instructional practices accordingly without the expectation that all lost academic progress can be caught up. Plans to make up for lost academic progress, due to school closures and distress associated with the pandemic, should be balanced by a recognition of the likely continued distress of educators and students that will persist as our schools re-open to full capacity. If the academic expectations are unrealistic, school will likely become a source of further distress for students (and educators) at a time when they need additional support. It is also critical to maintain a balanced curriculum with continued physical education, extracurricular activities, and other learning experiences rather than an exclusive emphasis on core subject areas.

Safety Education for Students

Students will receive grade level appropriate education and guidance for proper social distancing, the use of PPE and proper hand hygiene during the first days of school and reinforced often. We will develop a plan for providing our students with building specific safety measures to follow and educate students on why safety measures are important.

Lunches

Lunch will be provided daily, as usual. Lunch lines, and seating will be altered to provide appropriate social distancing. Lunch times may be altered slightly to ensure the numbers of students in the cafeteria meet CDC / IDPH guidelines. Capacity is limited to no more than 50 people per space. Microwaves will be removed from the cafeteria. There will be NO access to microwaves for student lunches. Hand hygiene must be performed prior to and after eating a meal or consuming any food items. Face coverings must be removed during eating, so it is important to ensure 6-foot distance between individuals as much as possible. Areas where students consume meals will be thoroughly cleaned and disinfected between groups and after meals.

Physical Education, Gymnasiums, and Locker Rooms

Physical activity can support students' overall health and help reduce stress and anxiety and PE classes will still be held. Activities will allow for 6-foot distance between students as much as possible and physical contact will be avoided. Safety measures will be followed. Hand shaking, high fives, or other physical contact is prohibited. The use of shared equipment will be reduced. Shared equipment will be cleaned between each student use and disinfected at the end of each class. Students and staff will wash their hands or use hand sanitizer at the start and end of each class period. Students will not change clothes for PE. Students will be expected to wear clothing appropriate for exercise, and bring or wear tennis shoes and socks to school.

Fill Stations

A fill station for student water bottles has been installed in each building. Students are required to have a water bottle with their name on it. One water bottle will be provided to each student. Regular water fountains will be turned off.

Health and Wellness

While our plan specifies guidelines for our staff and students to follow, everyone's health and safety is dependent on each individual. Each staff member will adhere to these guidelines and report any issues or safety concerns to administration. Each of us will play a role in our collective safety. .

Social Distancing

PdR School students and staff are expected to maintain social distancing (n 6 feet apart) to the greatest extent possible throughout the school day. Signage reminding staff, visitors, and students to maintain social distancing will be placed at all entrances, in classrooms and throughout other common areas. Social distancing applies to all areas including the classroom, common areas and the main office. Student mixing will be reduced. Students will primarily remain in static groups to reduce mixing grade levels within the building as much as possible. This will allow for more precise contact tracing should a case of COVID-19 be confirmed. This will also control the spread of COVID- 19 to a specific grade level or classroom. Teachers should rearrange furniture and play spaces to meet social distancing requirements, when possible. Teachers should implement strategies to model and reinforce social and physical distancing and movement. Building administration and staff will review student pick up and drop off procedures to maintain social distancing.

Face Coverings and P.P.E.

PdR School requires that all students and staff wear a face covering to comply with current IDPH/ISBE guidelines. All individuals in school buildings must wear face coverings at all times unless they are younger than 2 years of age; have trouble breathing; or are unconscious, incapacitated, or otherwise unable to remove the cover without assistance. Face coverings do not need to be worn outside if social distance is maintained. Students or staff who are not medically able to wear a face covering **must** provide a doctor's note/medical documentation. Remote options will be provided, or additional accommodations will be made. This requirement is subject to change as guidelines evolve from IDPH/ISBE. Signage will be placed in areas requiring the use of face coverings. Other PPE may be used as needed when assisting students that require close contact.

Each student will be required to provide their own face covering. The District will have a limited supply of face coverings. PTO will be providing each student with a Hawk logo face covering. Each person will also be provided with a lanyard to hook to his/her face covering. Every effort will be made to provide frequent, breaks from wearing face coverings. Any breaks will be required to follow current CDC/ISBE guidelines.

Students arriving at school without wearing a face covering will be provided with a face covering if available. If no face coverings are available, the student will be placed in a designated location until a parent or guardian can pick them up or bring them a face covering. **If a student refuses to wear a face covering or repeatedly takes off the face covering in violation of this safety rule, the District will place the student in remote learning.**

Hand Hygiene

Frequent hand washing and hand sanitizing is important in the prevention of the spread of COVID-19. Staff members will clean hands as often as possible with soap and water for at least 20 seconds. If soap and water are not available, an alcohol-based hand sanitizer that contains at least 60% alcohol will be used. Staff and students must use hand sanitizer upon entering the classroom each time. Hand sanitizer will be provided by the District. We will place signage reminding everyone of the need for proper hand hygiene in the appropriate areas. If assisting a student requires close contact, hand washing, or sanitizing will be done before and after contact with students.

Facilities Cleaning

Preventing the spread of disease to staff and students, will be done through frequent, effective cleaning and disinfecting procedures in the district building. Custodial staff will follow the CDC and IDPH/ISBE guidelines for procedures/supplies for building cleaning and disinfection. Routine cleaning will be performed on a regular basis by district custodial staff. Routine cleaning includes daily cleaning and disinfecting of all restrooms, scheduled sweeping of all floors, sanitizing of cafeteria tables, emptying trash and other building-based tasks. Supplemental cleaning is performed by either regular custodial staff assigned to perform cleaning over and above what is considered routine. Supplemental cleaning will be focused on cleaning and disinfecting high touch surfaces (e.g., door handles/knobs, desktops/tabletops, countertops, light switches, pencil sharpeners, computer keyboards, hands-on learning items, phones, toys, cubbies/coat and backpack areas, sinks and faucets, buses/vans) on a daily basis. Cloth toys or other cloth material items that cannot be disinfected should not be used.. Personal area cleaning will be performed by all employees in their personal workspace, which may include their desk, telephone, keyboard, chair or any other items they use in performing their duties. This cleaning will be customized to personal preference and standards and will be done using district supplied cleaning products and equipment. Determine means to sanitize soft surfaces, such as carpeted areas, rugs and curtains. Clean with an approved soap/disinfectant for the surface area. Launder at high temperatures, if possible, and dry. If cleaning with soap and water is not feasible, disinfect with a household disinfectant that has been registered with the Environmental Protection Agency (EPA) and follow contact times on the label.

Health Screenings

A signed copy of the parent agreement to the student checklist must be on file in the school office before a child may attend school. Parents are required to complete the COVID-19 Daily Student

Checklist **at home** for their child(ren) each day before sending their child(ren) to school. If you answer YES to any of the questions on the screening tool, you must have your child(ren) STAY HOME, contact the school to report the absence and contact your physician to report the information. Your child will not be permitted to return to school until they meet the IDPH guidelines.

Parents, by sending your child to school, and employees who report to work are certifying they have conducted the daily health screening and meet the following criteria for your child to attend school or for the employee to report to work:

1. They do not have a temperature of 100.4F/38 degrees Celsius or greater.
2. They are not taking fever-reducing medicines, such as those that contain aspirin, ibuprofen, or acetaminophen, in order to reduce his/her fever.
3. They have not had close contact or cared for someone with COVID-19 within the past 14 days.
4. They have not returned from travel outside the United States or on a cruise ship or river boat within the past 14 days.
5. They have not been directed to self-quarantine by a health care provider.
6. They have not been directed to self-quarantine by the County or State Department of Public Health.
7. They do not have any of the following symptoms:
 - Chills
 - Cough
 - Shortness of breath or difficulty breathing
 - Fatigue
 - Muscle or body aches
 - Headache
 - New loss of taste or smell
 - Sore throat
 - Nausea
 - Vomiting
 - Congestion or runny nose
 - Diarrhea

If your child(ren) begins to feel sick while at school or experiences any of the symptoms listed below, your child(ren) should report the symptoms to their teacher immediately. The District will designate a supervised space for students/staff who are experiencing COVID-19-like symptoms while in the school building and may be awaiting evaluation and/or pickup. Any student that exhibits COVID-19 symptoms while at school will be separated from other students under supervision of a staff member until a parent/guardian can be contacted to pick them up from school. Students will continue to wear a face covering. Employees that exhibit Covid-19 symptoms at work will immediately notify their supervisor and will be sent home.

Students who have had contact with someone who is positive for COVID-19 must follow the IDPH guidelines for self-monitoring and self-quarantine. Students will be provided with remote instruction during their self-quarantine. Note: *The return to work/school criteria has changed several times. We will update this section as future changes may occur.*

People with these symptoms may have COVID-19:

- Fever of 100.4 or greater
- Chills

- Cough
- Shortness of breath or difficulty breathing
- Fatigue
- Muscle or body aches
- Headache
- New loss of taste or smell
- Sore throat
- Congestion or runny nose
- Nausea or vomiting
- Diarrhea

ISBE General Classroom Guidance

- Classroom areas and common areas will be clearly marked to show where to sit, stand or line-up to practice social distancing
- Students will remain with the same classroom group throughout the day with limited exceptions
- Restroom and hand washing breaks will be scheduled and coordinated
- Recess will be scheduled and coordinated by classroom to minimize student mixing
- Hand sanitizing will occur whenever anyone enters the classroom
- Classrooms will be cleaned after each use or at least daily
- Building staff will review their student pick up and drop off procedures

ISBE Guidance Hallways, Main Office, and Common Areas

- Social distancing as much as possible
- Face coverings will be required for staff and students
- Areas will be clearly marked to indicate recommended distancing for students
- Health screenings and temperature checks will take place for visitors
- Clearly visible signage reminding everyone of social distancing and face coverings usage at entryways, hallways, classrooms, and common areas
- Playground equipment that is used will be monitored
- Sections of the playground will be designated by class/grade level to minimize mixing
- High-touch surfaces made of plastic/metal, such as swings/slides, railings, and other play structures, will be cleaned routinely and disinfected as per the most recent CDC guidance
- Students should perform hand hygiene prior to touching playground equipment and upon return from the playground.
- Only authorized personnel will have access to buildings. Visitors will be limited as needed only – and will be restricted to a main office area (Signage at each entryway will indicate restrictions)
- Students will be restricted to specific areas as identified by the building principal
- High touch areas will be cleaned throughout the day

ISBE Guidance Restrooms

- Social distancing as much as possible
- Face coverings will be required for staff and students

- Areas will be marked to indicate distancing and hand hygiene expectations
- Clearly visible signage reminding everyone of social distancing, face coverings, and hand hygiene procedures
- Encourage students to properly wash hands following restroom use, as age appropriate
- Restroom and handwashing breaks will be scheduled and coordinated as feasible
- High touch areas will be cleaned throughout the day

ISBE Guidance Shared Objects

Students and staff are restricted from borrowing or sharing any items. The CDC recommends that electronic devices, toys, books, and other games or learning aids not be shared. Electronics, including, but not limited to, tablets, touchscreens, keyboards, remote controls, etc., must be cleaned before and after use. Items that must be shared or communally used must be cleaned after use and individuals perform hand hygiene between uses. Utilizing hand sanitizer before and after use of books or library material is recommended. Students should not use items like play food, dishes, and utensils. Machine washable cloth toys must be used by one individual at a time and cleaned in between uses or must not be used at all.

Coordination with Local Health Officials

Upon learning of a COVID-19 case in someone who has been in school, PdR School will immediately notify the Randolph County Public Health Department to determine appropriate next steps related to the staff, students, school, and programs. Following an illness at school, the areas used by the sick person will be closed off for at least 24 hours and the area will be cleaned and disinfected after that 24 hours has passed. If waiting 24 hours before cleaning and disinfecting is not possible, the District will wait as long as possible before cleaning and disinfecting.

The school, grade level or classroom may be initially dismissed from 2 to 5 days. This initial short-term dismissal allows time for PdR School and the local health officials to gain a better understanding of the COVID-19 situation impacting the school. Local health officials will help the school determine appropriate next steps, including whether an extended dismissal duration is needed to stop or slow further spread of COVID-19.

- PdR School will work closely with the Randolph County Health Department regarding recommendations for the scope of a necessary closure. The duration of school dismissals will be made on a case-by-case basis using the most up-to-date information about COVID-19 and the specific cases in the community.
- During any school dismissal, all extracurricular group activities, school-based afterschool programs will also be cancelled.
- During school dismissal, remote learning will continue for students as scheduled.

Communication Plan

PdR School will coordinate with the Randolph County Public Health Department to communicate dismissal decisions and the possible COVID-19 exposure. PdR School will be prepared for a short-term closure, regardless of community spread, if an infected person has been in a school building. Communication to families and staff will align with the communication methods already in use (Notify, District website, TeacherEase, etc.). In such a circumstance, PdR School will maintain confidentiality of

the student or staff member as required applicable law. Families will be notified of the planned duration of the closure and the anticipated return to in-person learning.

Extending a School Dismissal

The need to extend school closures will be made in collaboration with the Randolph County Health Department.

- School dismissals and event cancellations may be extended if advised by Randolph County Health officials. The nature of these actions (e.g., geographic scope, duration) may change as the local outbreak situation evolves.
- During school dismissals (after cleaning and disinfection), PdR School will remain open for staff members (unless ill) while students stay home. Keeping facilities open: a) allows teachers to develop and deliver lessons and materials remotely, thus maintaining continuity of teaching and learning; and b) allows other staff members to continue to provide services and help with additional response efforts. Decisions on which, if any, staff are allowed in the buildings will be made in collaboration with the Randolph County Health Department.
- Administrators will seek guidance from local health officials to determine when students and staff will return to school and what additional steps are needed for the school community. In addition, students and staff who are well but are taking care of others or share a home with someone with a case of COVID-19 must follow instructions from local health officials to determine when to return to school.

Remote Learning

If remote learning becomes necessary, PdR School has developed a separate remote learning plan that will be put in place. Student attendance and grading will be recorded and counted. Please see the Remote Learning Plan on the school website.

Transportation

Student transportation procedures have been developed to assure compliance with all applicable expectations under state and federal guidelines. All individuals on a bus must wear a face covering. No more than 50 individuals can be on a bus at one time, and social distancing must be maintained to the greatest extent possible. Students using bus services must undergo symptom and temperature checks, which will include self-certification, before boarding a bus. **Families who allow their child to ride the bus are self-certifying their child is symptom-free before boarding a bus.** Drivers must wear approved and appropriate PPE and perform regular hand hygiene. Drivers must undergo symptom and temperature checks or self-certify and verify that they are free of symptoms before the start of each workday. Note: *The self-certification criteria has changed several times. We will update this section as future changes may occur.*

Students arriving to the bus without wearing a face covering will be provided with a face covering if available. If no face coverings are available, parents will be contacted by the school before the student is allowed to board the bus. If a student refuses to wear a face covering or repeatedly takes off the face covering in violation of this safety rule, the District will place the student in remote learning.

Social Distancing During Transport

School buses must be allowed to have no more than 50 students on board. As a result of these guidelines designed to protect students and staff from the spread of COVID-19, the capacity on our school buses may be reduced.

School Bus Sanitation

Buses will be disinfected after each route.

Building Arrival and Dismissal

Social distancing is an important step to help keep staff and students safe. For this reason, specific protocol for entrance and exit from the school will be outlined per building. In addition, signage will be posted at each door to direct visitors where to go and what to expect. Signage with PPE and Health Procedures will be posted at each entry/exit door.

After School Student Pickup

When picking up students from school, parents will remain in their vehicle. Teachers will bring younger students out of the building and to the parking areas. Parent parking areas and bus loading areas will change after school. Buses will load between the playground and school on Middle Street. Cars will not be able to travel in this area of Middle Street. Parents will be able to travel on Chartrand Street coming from Main Street. Cars will be able to park on the school side of Chartrand and in the parking lot by the ball fields. Cars will then be able to travel towards Broad Street. Please see attached map for directions.

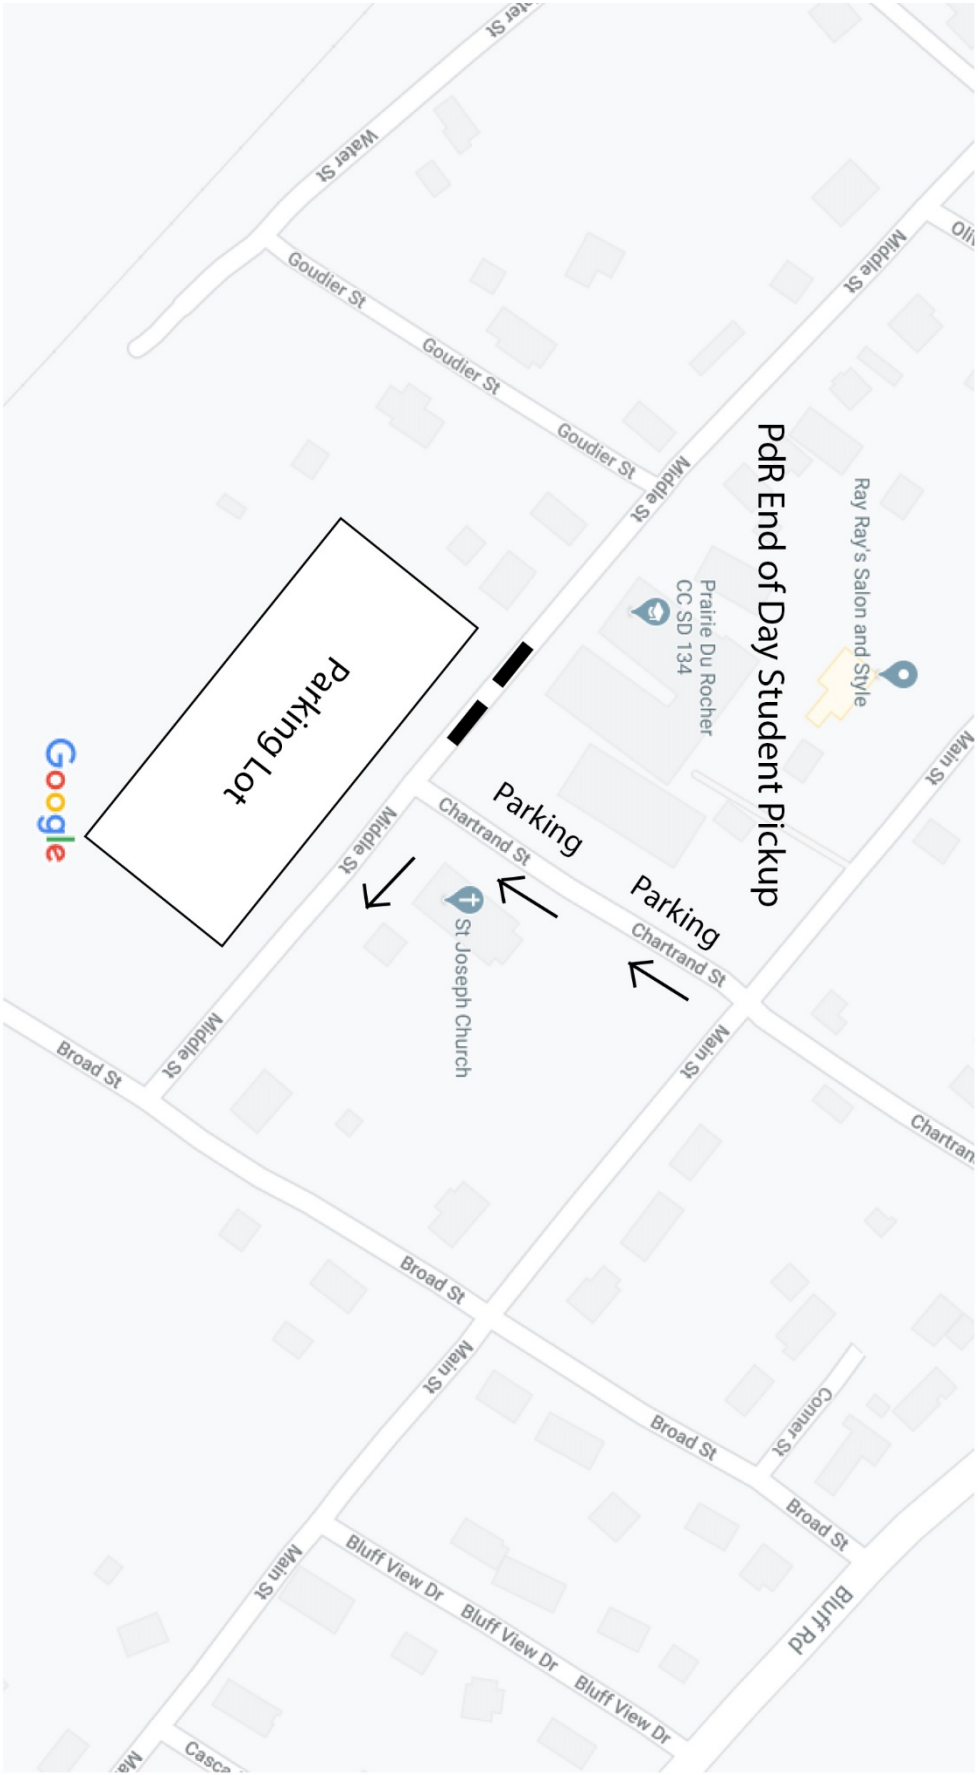

Visitor Plan

Visits will be restricted to authorized persons only. Visitors to any building must always wear an appropriate and approved face covering and report directly to the main office for a wellness screening and temperature checks. Visitors will not have access to the building in general as to maintain social distancing. This will be in addition to the normal sign in procedures.

Upon entry to school property visitors must:

- Use alcohol-based hand sanitizer.
- Wear a cloth face covering at all times.
- Observe social distancing by avoiding close contact with other individuals.

PdR School thanks you for your teamwork, positive outlook, flexibility, and communication! After reviewing all the above guidelines, please complete and return the Student COVID-19 Daily Self Checklist.

COVID-19 Daily Self Checklist

Students

Instructions:

- Parents and guardians of all students are required to screen their student according to this checklist **each day** and take the student's temperature before sending a student to school. By sending a student to school, you certify that you and your student have honestly answered NO to all of the Questions below.
- If the student answers NO to all Questions, the student may attend school that day.
- If the student answers YES to any of the Questions below, the student must not be sent to school.
- After exhibiting symptoms, students are required to meet all return-to-school criteria before returning to school.
- If a student starts feeling sick during school or experiences the symptoms listed below, the student will be sent home immediately.

Questions	Yes	No
Does the student have a temperature of 100.4°F or greater?	<input type="checkbox"/>	<input type="checkbox"/>
Is the student taking fever-reducing medicines, such as those that contain aspirin, ibuprofen or acetaminophen, in order to reduce the student's fever?	<input type="checkbox"/>	<input type="checkbox"/>
Has the student had close contact or cared for someone with COVID-19 within the past 14 days?	<input type="checkbox"/>	<input type="checkbox"/>
Has the student returned from travel outside the United States or on cruise ship or river boat within the past 14 days?	<input type="checkbox"/>	<input type="checkbox"/>
Has the student been directed to self-quarantine by a health care provider?	<input type="checkbox"/>	<input type="checkbox"/>
Has the student been directed to self-quarantine by the County or State Department of Public Health?	<input type="checkbox"/>	<input type="checkbox"/>
Is the student experiencing any of the following symptoms?		
• Chills	<input type="checkbox"/>	<input type="checkbox"/>
• Cough	<input type="checkbox"/>	<input type="checkbox"/>
• Shortness of breath or difficulty breathing	<input type="checkbox"/>	<input type="checkbox"/>
• Fatigue	<input type="checkbox"/>	<input type="checkbox"/>
• Muscle or body aches	<input type="checkbox"/>	<input type="checkbox"/>
• Headache	<input type="checkbox"/>	<input type="checkbox"/>
• New loss of taste or smell	<input type="checkbox"/>	<input type="checkbox"/>
• Sore Throat	<input type="checkbox"/>	<input type="checkbox"/>
• Congestion or runny nose	<input type="checkbox"/>	<input type="checkbox"/>
• Nausea or vomiting	<input type="checkbox"/>	<input type="checkbox"/>
• Diarrhea	<input type="checkbox"/>	<input type="checkbox"/>

I hereby acknowledge that I have received a copy of this COVID-19 Daily Self Checklist. I understand that I am required to honestly and accurately complete this checklist for my child each day before sending my child to school. One signature per family.

Student Name(s) and Grade: _____

PARENT/GUARDIAN NAME: _____ DATE: _____

COVID-19 Daily Self Checklist

Employees

Instructions:

- You are required to complete this checklist each day before reporting to work.
- If you answer YES to any of the questions below, STAY HOME and immediately contact your supervisor. You will not be permitted to return to work until you meet all return-to work criteria.
- If you answer NO to the questions below, you must turn this completed checklist in to your supervisor upon reporting to work.
- During your absences, you will have the choice to use sick leave under the Emergency Paid Sick Leave Act (“EPSLA”), limited to a maximum of two weeks (80 hours, or a part-time employee’s two-week equivalent) at full pay, or you may choose to use your District sick leave days. Please be aware the ESPLA sick leave expires on December 31, 2020. Please notify your supervisor of which sick leave you are electing.
- If you start feeling sick while at work or experiencing the symptoms listed below, report your symptoms to your supervisor immediately.

Question	Yes	No
Do you have a temperature of 100.4°F or greater?	<input type="checkbox"/>	<input type="checkbox"/>
Are you taking fever-reducing medicines, such as those that contain aspirin, ibuprofen or acetaminophen, in order to reduce your fever?	<input type="checkbox"/>	<input type="checkbox"/>
Have you had close contact or cared for someone with COVID-19 within the past 14 days?	<input type="checkbox"/>	<input type="checkbox"/>
Have you returned from travel outside the United States or on cruise ship or river boat within the past 14 days?	<input type="checkbox"/>	<input type="checkbox"/>
Have you been directed to self-quarantine by a health care provider?	<input type="checkbox"/>	<input type="checkbox"/>
Have you been directed to self-quarantine by the County or State Department of Public Health?	<input type="checkbox"/>	<input type="checkbox"/>
Are you experiencing any of the following symptoms?		
• Chills	<input type="checkbox"/>	<input type="checkbox"/>
• Cough	<input type="checkbox"/>	<input type="checkbox"/>
• Shortness of breath or difficulty breathing	<input type="checkbox"/>	<input type="checkbox"/>
• Fatigue	<input type="checkbox"/>	<input type="checkbox"/>
• Muscle or body aches	<input type="checkbox"/>	<input type="checkbox"/>
• Headache	<input type="checkbox"/>	<input type="checkbox"/>
• New loss of taste or smell	<input type="checkbox"/>	<input type="checkbox"/>
• Sore Throat	<input type="checkbox"/>	<input type="checkbox"/>
• Congestion or runny nose	<input type="checkbox"/>	<input type="checkbox"/>
• Nausea or vomiting	<input type="checkbox"/>	<input type="checkbox"/>
• Diarrhea	<input type="checkbox"/>	<input type="checkbox"/>

I hereby acknowledge that I have received a copy of this COVID-19 Daily Self Checklist. I understand that I am required to honestly and accurately complete this checklist each day before reporting to work.
